No Fake War News

—IN—
Sioux City Journal

During the present European War you want facts—not rumors. The Sioux City Journal receives both Day and Night reports of the most reliable news-gathering organization on the face of the globe—The Associated Press. This organization has its staff men in all the capitals of Europe. Its chief concern is to send facts, not rumors. It seeks to make certain that its dispatches are authentic before they are placed on the wires.

The desire of The Journal at all times is to give its readers the facts—not to mislead them with false, distorting and unconfirmed reports—and it will adhere to that policy during the present course of events in Europe.

The Journal, in receiving both Day and Night Associated Press Reports, gives its readers a twenty-four hour service in publishing Morning, Evening and Sunday Editions. The Journal is prepared to give a service that cannot be equaled by that of any other newspaper in this section.

The first publication of the delinquent tax sale of lots and lands in Dakota county appears in this issue of The Herald. Notwithstanding the "wonderful prosperity" of the country the delinquent tax list has begun to grow as of yore.

You do not notice the slang attributed to him, he stated, when you hear his sermons, as you do in the published accounts, where that is made the feature of the story.

SCHOOL NOTES.

(Submitted by Students.)

Mrs. Adams, of Chadron, Neb., was a visitor in the fifth and sixth grade room last week.

The fifth and sixth grades and the high school had a quarter holiday last Friday.

The record of attendance has been very good. During the month of September the fifth and sixth grade room had but four absences and no tardies. The high school record shows but three absences and two cases of tardiness.

Leona Smith, of the fifth grade, and Floyd Van Horn and Homer Hansen, of the sixth grade, had perfect spelling lessons for the entire month.

The fifth and sixth grades made relief maps of North America Monday.

The seventh grade are making a product map of South America.

Graham Warner entered the high school Monday to take special work. We are glad to see our ranks filling up. The foot ball boys were especially glad to have Graham enter, for he appears to be good material for the scrimmage line.

The game planned with Homer will probably be played at a later date.

The boys feel that they are not heavy enough to play many of the teams which have challenged them.

It is planned that any time taken from school work for football shall be made up in regular school sessions, thus justice may be done to all.

Miss Fleming and Miss Cook spent Sunday at their respective homes.

The teachers are planning to attend the teachers' meeting at Emerson, Saturday, October 9th.

Worth \$100

I wish to thank you for the most excellent advice you have given me through the columns of Farmer and Breeder as well as through personal letters. Farmer and Breeder is a great paper and is bound to succeed and become even better. It furnishes just the information the farmers of the Middle West need, and it is reliable. Every farmer and stock raiser should be a subscriber to your journal. Some of your issues have been worth \$100 each to me, and I have no doubt but that others could say the same thing. I wish you continued success.—Adam Pick, Alton, Iowa.

BARGAIN OFFER

Farmer and Breeder 1 year \$1.
The Herald 1 year \$1; both papers one year \$1.

For a limited time we are making our readers the above bargain offer. Save money by taking advantage of it now. Farmer and Breeder is one of the most practical farm and live stock papers issued in the northwest.
